C100

The Model C100 Manual Squeeze Off Tool is designed to squeeze 1/2" to 2" PE pipe safely and effectively.

The C100 features 6-sided, positive locking, indexable gauge plates, aircraft grade aluminum squeeze bars, chrome plated steel sideshafts and a coated feed screw, reducing corrosion and friction. This tool can be operated with the detachable

torque bar or with a ratchet on the integral hex at the top of the feed screw. The unique swing-out / lock-in bottom bar design allowsfor quick and easy access to the pipe even in confined spaces, and the detachable stabilizing bar provides added stabilityduring the squeeze process.

The C100 also includes a static grounding spike, and custom gauge plates are available upon request.

For **1/2**" to **2**" PE Pipe **9.5lbs / Height 12**" **/ Width 6.5**" ASTM Approved
