

# MTD POLYPEEL

FOR PIPE AND MOLDED FITTING OUTLETS

ISCO's MTD POLYPEEL Pipe & Outlet Peelers are designed to deliver the most consistent peel with the lowest amount of effort. The wear-resistant titanium-plated blade rides on a spring loaded arm to ensure consistent contact, even on inconsistent pipe. Each POLYPEEL ships in a protective case.

- Additional or specific wall thickness mandrels are available.
- Two or more peelers can be combined in a kit and sold in a single case.
- Removes 0.007" to 0.010" of pipe surface material per pass
