

# DIPS EF STRAIGHT CLAMPS

The Highland line up of Electrofusion Straight Clamps are designed and manufactured in the USA. Each straight clamp is made from high-quality aluminum for a balance of strength and weight savings.

Part No.	Product
76670714	4" DIPS EF Straight Clamp
76670716	6" DIPS EF Straight Clamps
76670793	8" DIPS EF Straight Clamps
76670795	10" DIPS EF Straight Clamps
76670794	12" DIPS EF Straight Clamps
76670718	8"x12" DIPS Straight

The Highland DIPS EF Straight Clamps have been designed to re-round, align and restrain 4"-12" DIPS pipes.

These clamps are compact and lightweight, designed for fusions in tight, confined spaces, and have removable upper jaws that aid in easy joint assembly and tool removal after fusion.
